

Building Excellence

Construction Youth Apprenticeship

Build Your Future While You Earn!

A **Youth Apprenticeship** provides hands-on career training, education, and industry certification while earning a paycheck. This opportunity is your first step toward a rewarding career in the construction industry, where you'll gain valuable experience working alongside skilled professionals.

Job Responsibilities:

- 🔧 Assist in various aspects of construction, including carpentry, masonry, concrete, and finishing work
- 👁️ Observe and Operate tools, equipment, and machinery under supervision
- 🔗 Support skilled trades professionals and follow safety guidelines
- 📅 Complete on-the-job training and classroom instruction as required

Qualifications:

- ✓ High school junior or senior (minimum 16 years old)
- ✓ Interest in hands-on learning and the construction industry
- ✓ Ability to work as part of a team and follow instructions
- ✓ Commitment to safety and quality work
- ✓ Willingness to learn and grow within the trade

Your Future Starts Here!

Upon completing your **Youth Apprenticeship**, you'll have a **head start** toward becoming a **Registered Apprentice**, completing the program in just 3-5 years. This is your chance to launch a career in construction with **high earning potential and long-term stability**.
