

BEFORE YOU ENTER
WEAR A MASK

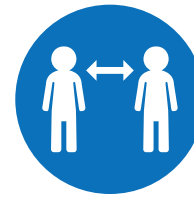

**PROTECT OUR
COMMUNITY**

Wearing a mask while in public is the neighborly thing to do. You never know who might be considered high-risk, or have high-risk family members.

**KEEP OUR
ECONOMY OPEN**

As COVID cases continue to rise, we want to be sure that the Fox Cities economy remains open and strong.

**FOLLOW THE
GUIDELINES**

Limiting interactions, physical distancing, and washing your hands are still the most effective ways to stop the spread. If you do go out, remember to wear your mask.
